# I. DESCRIPTIVE PARAGRAPH

---

**Purpose:** To describe a person, place, or thing.

**Structure:**

- ✓ **Topic Sentence:** introduces what is being described.
  - ✓ **Supporting Sentences:** give details using the five senses (sight, sound, smell, taste, touch).
  - ✓ **Concluding Sentence:** summarizes or gives an impression.
- 

**ACTIVITY:** DESCRIBE YOUR FAVORITE PLACE (E.G., MY FAVORITE CAFÉ, MY ROOM)

---

✓ Answer

My favorite place is my bedroom. It is small but very comfortable. The walls are light blue, and there is a big window with white curtains. I have a wooden desk where I study and a soft bed near it. I like my room because it is quiet and full of my favorite books and memories.

## 2. NARRATIVE PARAGRAPH

---

**Purpose:** To tell a story or describe an **event in order**.

**Structure:**

- ✓ **Topic Sentence:** introduces the story or event.
- ✓ **Supporting Sentences:** describe events in chronological order (First, Next, Then, Finally).
- ✓ **Concluding Sentence:** shows the result or feeling.

**ACTIVITY:** WRITE A PARAGRAPH ABOUT “MY FIRST DAY AT COLLEGE.”

---

 Answer

My first day at college was exciting and a little scary. I didn't know anyone at first, but everyone was friendly. The campus was large and full of students. I attended my first English class, and the teacher was very nice. By the end of the day, I had already made new friends and felt very happy to be a college student.

# 3. COMPARE AND CONTRAST PARAGRAPH

---

**Purpose:** To show **similarities and/or differences between two things.**

**Structure:**

- ✓ **Topic Sentence:** introduces the two items to be compared.
  - ✓ **Supporting Sentences:** discuss similarities and differences.
  - ✓ **Concluding Sentence:** summarizes or gives a personal opinion.
- 

## **ACTIVITY:** COMPARE ONLINE LEARNING VS. TRADITIONAL CLASSROOM LEARNING.

---

Answer

Online learning and traditional classroom learning are different in many ways. In online learning, students study at home and use computers. In traditional learning, they go to school and meet teachers face to face. Online learning is more flexible, but classroom learning helps students communicate better. Both ways are useful, but I prefer learning in the classroom.
